

# TOP UP PROGRAMME

## WHY TOP UP?

### CAREER ADVANCEMENT

Many aviation companies and organizations prefer to hire candidates with a college degree for management and leadership positions. Having a degree may also open up more opportunities for promotion within a company.

### FLEXIBILITY

The Top-Up program is a flexible course that allows students to learn at their own convenience. Examinations would be conducted every six months as MCQs which can be done online.

## BACHELORS

PROGRAM	DURATION
Bachelor of Science in Aviation	2 semesters
Bachelor of Science in Aircraft Maintenance Engineering	2 Semesters
B.TEC in Aeronautical Engineering	4 semesters

**Eligibility:** Must have a Relevant Aviation certification or Diploma from any recognized aviation authority

## MASTERS

PROGRAM	DURATION
M.TEC in Aeronautical Engineering	4 semesters
Master of Science in Aerospace Engineering & Management	4 semesters

**Eligibility:** Bachelor's degree from an accredited university and minimum 5 years relevant work experience

Established in Imphal, Manipur, India, Bir Tikendrajit University is UGC-recognized and is listed in the National Academic Depository (NAD).

# YOUR STUDENT JOURNEY

## PATHWAY TO AERONAUTICAL ENGINEERING

**YEAR 1**

### LEVEL 3

The BTEC Level 3 extended Diploma broadens and expands the specialist work-related focus from the BTEC Level 3 Diploma. There is potential for the qualification to prepare learners for employment in the appropriate vocational sector. It is broadly equivalent to two GCE A Levels.

**YEAR 2**

### LEVEL 4 & LEVEL 5

The Level 4 Higher National Certificate in Aeronautical Engineering offers students a broad introduction to the subject area via a mandatory core of learning. The Level 5 Higher National Diploma in Aeronautical Engineering offers students a pathway designed to support progression into relevant occupational areas or onto the degree-level study.

**YEAR 4**

### BTEC IN AERONAUTICAL ENGINEERING

SEMESTER 1-4

The course is designed to introduce students with the design, construction, operation, maintenance, and safety of aircraft and its components.

Students are introduced to the modern design tools and latest technologies so that they can apply these to the current technical issues.

**TOP-UP**

**YEAR 6**

### MTECH IN AERONAUTICAL ENGINEERING

4 - SEMESTERS

Additionally, students can earn their M.TEC in Aeronautical Engineering from Bir Tikendrajit University through VCATI

Efficient communication, proper application of theoretical skills and exposure to global engineering environments can all help prepare students to compete for more rewarding positions in their field.
